COVID-19 Precautions and Procedures

By Tamsen Todisco

We've joined the Safe Spaces™ program!

At Focal Point, we're taking COVID-19 precautions seriously to protect the health of our members, staff, and greater community. We have joined the [Upflex Safe Spaces™](#) program to affirm this commitment. Safe Spaces™ is a coworking industry program designed to help companies and their employees access workspaces that are taking the necessary steps for health and safety.

The changes we've made and procedures we follow, in accordance with Safe Spaces™ regulations and beyond, include:

1. All members and guests wear masks/face coverings in common areas. We have disposable masks available and display signage provided by the state of North Carolina to alert everyone of this policy.

Keeping Our Community Safer

1

Social distancing

2

Hand hygiene

3

Respiratory hygiene and cough etiquette

4

Disposable or reusable face masks

5

Environmental cleaning and disinfection (sanitizing)

6

Environmental Controls equipment and ventilation controls

2. Our desk and workstation layout is spacious to allow proper distancing. Many of our desks also have partitions between them.
3. Plates, mugs, silverware and other dishes have been replaced with disposables in the kitchen. The only snacks we offer are pre-wrapped.
4. Access to the kitchen is one-way. We have closed off the second entrance in order to prevent crowding.
5. Our staff disinfects and cleans frequently-touched surfaces often. We provide cleaning products for members to sanitize their workstations before and after use.

6. We limit occupancy in our space.

Memberships & Offices

We are still accepting new members and drop-in users. Check out our [membership page](#) for details or [purchase a day pass](#). We also have [private office space](#) available, ideal for those downsizing from a larger office or looking for a space away from home.

If you have any questions about COVID-19 precautions, coworking, or private office space, please call us at [828-407-0357](tel:828-407-0357) or email info@focalpointcowork.com.

One member's testimonial:

"In a world of startups, entrepreneurs, and side hustles: Coworking spaces are like the new coffee shops. A place where people can meet safely, so business plans and tactics may resume. Focal Point rises to the

occasion even further with daily sanitation, a spacious environment, access to masks, and clearly displayed mask policies.

Knowing they have taken this new reality seriously while still keeping their space inviting, allows me to spend more of my time focused on my business and less time worrying about the unknown.”
